

Industry Line

HB 99 LAV

Technical Sheet n° 1124
Rev. 03/09/19

Category:

- Strongly alkaline cleaner

Applications:

- Detergent for washer-dryers

Strenghts:

- Strong degreasing power
- Low foam
- Economy of use

Applications

Low foaming alkaline cleaner for scrubber dryers; washes and degreases floors by removing oil, processing fluids, emulsifiable oils, animal fats, vegetable oils and carbon residues.

Thoroughly cleans stoneware, cement, ceramic, stone and resin floors.

Suitable for traction washer-dryers and for ride-on machines both hot and cold.

When properly diluted, the product produces controlled and rapidly dissolving foam during use.

The product does not contain perfumes and is also suitable for food sector use

.

How to use

Dilute the product from 2 to 8% directly in the clean water tank.

Pass machine over the floors to be cleaned.

If dirt is in massive quantities, lift the suction brush and go over several times, finally lower it and finish washing.

Technical specifications

pH	>13
Smell	Odorless
